PREFACE

This edition of the Catalogue lists ABS publications released between 1 July 1980 and 31 December 1987 and those expected to be released during 1988. The Catalogue also shows brief descriptions (abstracts) of the contents of these publications. It is possible that minor changes may be made to some titles at the time of their publication.

The Catalogue includes, in Section B, information released in a form other than by printed publication, e.g. on magnetic tape, on microfiche on floppy disk and through the special returns service for foreign trade statistics.

It also includes a titles index and a comprehensive subject index.

Single copies of the Catalogue are provided free; a charge may be made for requests involving multiple copies.

As from 1 January 1988 a policy of pricing all publications, except Catalogues, brochures and some Information Papers, has been introduced.

Special action is required to obtain publications shown in this Catalogue as available on a Provisional Order basis only. (See the section *Publications available on provisional order* on page x).

Suggestions for improvements to the Catalogue, or requests for information on matters not itemised in detail (e.g. unpublished statistics), should be directed to Information Services in any ABS office. The addresses are shown inside the front cover.

INTRODUCTION

The Australian Bureau of Statistics is the official statistical organisation for the Commonwealth and State Governments. Its main function is to collect statistical information on a wide variety of social and economic activities, to compile statistics and disseminate them to Government, the private sector and the community in general.

How to use this catalogue

This catalogue contains current publications issued by ABS Canberra and State Offices since 1 July 1980, or expected to be released during 1988. The catalogue is divided into five parts.

Part A lists all publications in numerical order except that within each subject group. The Central Office (Canberra) entries precede the State Office entries (see description of numbering system below). Most publications issued by Central Office contain particulars for states and territories as components of Australian totals.

Part B contains information on statistics available in other than printed publication media.

Part C contains information on unpublished statistics.

Part D contains a titles index showing all current publications, as well as those expected to be issued during 1988 by the ABS.

Part E contains a detailed subject index of all current publications in alphabetical order. If you are interested in a particular subject area, e.g. foreign trade, employment, etc., you will find it convenient to identify the range of publications from the list of subject groupings in the contents pages and by this means gain access to all publications within that subject. If you have a specific interest, e.g. the production of butter and cheese, industrial disputes, etc., check the detailed subject index beginning on page 197

The ABS catalogue numbering system

The system consists of a five digit code (e.g. 5414.0).

The *first two digits* define the subject by nine broad areas (e.g. 5 represents national accounts, balance of payments and foreign investment, foreign trade, public finance, private finance) divided into nine more precise subdivisions (e.g. 54 is foreign trade).

The *third and fourth digits* are the permanent serial numbers allocated to publications within categories formed by the first two digits. An allotted number will remain unchanged provided the contents of a publication remain essentially the same.

Numbers are allotted sequentially as new publications are released.

The *fifth digit*, after the full stop, represents the state/territories covered by the statistics. In general this will coincide with the ABS office issuing the publication.

The codes for each state/territory are:

- 0 Australia
- 1 New South Wales
- 2 Victoria
- 3 Queensland
- 4 South Australia
- 5 Western Australia
- 6 Tasmania
- 7 Northern Territory
- 8 Australian Capital Territory

Information on new and current ABS releases

Currently the ABS publishes about 530 individual statistical titles each year. As new publications are released frequently, clients may keep up-to-date on new and current releases by obtaining the monthly publication entitled *Publications Issued in (name of the month)* (1102.0). This publication can be obtained by contacting the ABS office in your capital city (see inside front cover). New and current releases are also listed in the *Publications Advice* (1105.0) issued Tuesdays and Fridays by the ABS. The *Publications Advice* gives the titles of all ABS

publications expected to be issued in the next few days. The last issue of the *Publications Advice* of each month also contains a list of main economic indicator publications expected to be released in the forthcoming month and the planned dates of their release.

How to obtain publications

Free publications

Clients may obtain copies of free publications by calling at, phoning or writing to the ABS office in their capital city or the ABS Central Office, Canberra.

When requesting a publication, please quote the title and catalogue number.

Priced publications

Copies of priced publications may be purchased over the counter from any office of ABS. A range of these priced publications (e.g. Year Book Australia, Social Indicators, etc.) is also available from Commonwealth Government bookshops.

Alternatively, clients who wish to receive publications on a regular basis may use the *ABS Publications Mailing Service*. Information on how to use this service may be obtained from any ABS office.

Clients who already use the Publications Mailing Service and who wish to amend their requirements should quote their account number when contacting the ABS. The account number is shown at the top left hand corner of the address label used to despatch publications to clients.

Renewal notices are sent to all subscribers annually in respect of the subscription year commencing on 1 January. Payment for publications is required in advance and should accompany renewal notices returned to the ABS.

Order form

An Order form for publications is at the back of this Catalogue. Orders should be directed to the ABS office in your capital city. Addresses of all ABS offices are shown inside the front cover of the Catalogue.

Prices shown in the Catalogue

As from 1 January 1988, the ABS has introduced a policy of pricing all publications, except for Catalogues and some Information Papers.

From 1 January 1987, the ABS introduced a single pricing policy for both counter and surface mail sales of publications. Where applicable a discounted annual subscription rate for monthly and quarterly publications is also shown. Airmail rates are available on request.

Priced publications issued prior to 1 January 1987 will continue to be shown with two prices for a single issue. The first single issue price given is the 'over the counter' price, while the second includes packaging and postage at ordinary rates within Australia.

NOTE: *Prices quoted are subject to revision*

Publications available on provisional order

Prices of publications shown in this Catalogue as *available on provisional order* will not be known until just prior to release date. Clients who wish to purchase these publications may, by contacting any ABS office, have their names and addresses placed on a mailing list to receive further details of the expected release date and price when these particulars become available.

Magnetic tape, microfiche and floppy disks

A number of catalogued releases, listed in Part B, are available from ABS on magnetic tape, floppy disks and/or microfiche. Information about the scope of each service, ordering arrangements and prices is set out on information sheets relating to individual services. These sheets are available on request by contacting *Information Services* at the ABS office in any capital city (see addresses inside front cover).

An Information service in each ABS office

Each ABS office has an Information Service to assist clients. The service is designed to answer *inquiries from clients on available official statistics and their usage*. The service is also the contact point for clients requiring ABS publications on either an ad hoc or continuing (subscription) basis.

These services may be obtained by contacting *Information Services* at the ABS office in any capital city. Addresses and telephone numbers are listed inside the front cover.

PART E — SUBJECT INDEX

This index is designed to assist users in determining which Central and State Office publications are relevant to various subjects. *The index is not intended as a comprehensive index of commodities or items covered in the statistics. For example, particular items of production and overseas trade are largely omitted.*

The publication *Manufacturing Commodities, Principal Articles Produced, Australia* (8303.0) contains a detailed alphabetical index of commodities produced in Australia.

Detailed export and import statistics are shown in the following publications: *Foreign Trade, Australia, Exports* (5436.0), *Foreign Trade, Australia, Imports* (5437.0) and *Foreign Trade, Australia, Comparative and Summary Tables* (5410.0).

No references are given in this index for Australian and State Year Books (1300.0-1301.6) or Pocket Year Books (1302.0-1302.6) as each of these publications contains a detailed index. The Year Books should be regarded as the principal general statistical reference works produced by the ABS.
